

Better tracking and stability for faster cleaning

The Legend's innovative hydro-dynamic body gives it better tracking and stability than any other cleaner on the market, moving it along the pool bottom faster than most other automatic cleaners. With its specially designed debris channel and strong cleaning action, the Legend picks up leaves and large debris with ease. And its heavy-duty, large capacity twist-lock collection bag makes cleaner maintenance easy.

The Legend is suitable for concrete, gunite, vinyl-lined and fiberglass pools, and can clean most pools thoroughly in just 1 to 3 hours.

Legend[®]

Four Wheel/Front Wheel Drive Pool Cleaner

The Legend is designed to make pool cleaning fast and easy.

- Powered by a low cost, energy efficient booster pump.
- Four wheel/front wheel drive provides superior tracking and stability.
- Specially designed debris channel and massive intake throat tackle debris with ease.
- Heavy-duty, large capacity twist-lock collection bag is designed for efficiency and easy maintenance.
- 5-year frame warranty, 2-year limited warranty. Ask your dealer for details.
